

# MD. HASAN KHA

## MERN Stack Developer

Hi! I'm Md. Hasan Kha, a MERN Stack Developer. My main focus is on creating great web experiences. Equipped with a strong foundation in front-end development and a thirst for learning, I'm eager to contribute my skills and enthusiasm to a dynamic team. I enjoy creating beautifully designed, intuitive, and functional websites. Over the past 6 months, I have been working on web development and web design. Therefore, I hope to have the opportunity to work with you.
